### Report on " Technical Paper Presentation Competition "

**Objective:**
- To provide an opportunity for students to research about unknown topics and present in front of a panel.
- To encourage them and to increase curiosity for interesting never heard topics.
- To help them in understanding research paper formats, which will be useful in Final Year Projects.

**Outcome:**
- Students will be able to make a research paper based on their own topic.
- Students will be able to work effectively by assessing their own strengths and weaknesses.
- Students will get pointers from judge's panel regarding their research and presentation, which will be beneficial for them.

**Date and Time:** 31st March 2021 – 2:00 – 4:30 PM

**Number of Registrations:** 7 Teams (Team Size ranged from 1 to 3 Members)

**Conducted by DOMAIN CLUB AND PHYSICS CLUB OF DBIT**

**Mode of Conduct:** Presentation over Zoom Meeting

**Description:**
A list of field domains like humanoid robotics, black hole, pixel processing etc. were given to students before the competition, to give them a helping hand in choosing a topic for the research paper.
Students were asked to submit their research paper, as it's a part of scoring factor, so the judges could give points for it.
A panel of 4 judges, each judge from various engineering department, judged the presentations. The Judges were :
1. Prasad Padalkar (IT DEPT)
2. Yogesh Gholap (MECH DEPT)
3. Ditty Varghese (COMPS DEPT)
4. Shreeprasad Manohar (EXTC DEPT)

**Judging Parameters:**
1. Content
2. Delivery
3. Relevance
4. Research Paper

- **Challenges Faced:**
  - Network connectivity from participant's side.
  - Bringing in students to participate in the event by helping them manage their academics.

- **Key Factor for the Success of the Event:**
  - The enthusiasm and willingness of all the participants to participate.
  - The righteous decision of the judges in scoring and reviewing all participants.

> ➤ The diligence of the team organizing the event.

- **Individual Learning in Organizing the Event:**
  - ➤ Improved Communication Skills as we got to interact with lot of students as well as faculties.
  - ➤ Team Management skills while organising the event and distributing the workload.
